

# Digital Assessment Application UI

## 1. Login Screen:

The login screen features a teal header with a logo 'A' and navigation links 'ABOUT' and 'CONTACT'. A central white card contains the 'AssessPrep' logo and the text 'Login using Email and Password'. Below this, a red message states 'You need to sign in or sign up before continuing.' The form includes fields for 'Email' and 'Password', a 'Sign In' button, and a 'or Sign In with' section with buttons for 'ManageBac', 'Google', 'ManageBac China', and 'Microsoft'. A 'Forgot Password?' link is at the bottom. A vertical sidebar on the right says 'Send an Email to our Support Team'.

## 2. Forget Password Screen

The forget password screen has a teal header with a logo 'A' and navigation links 'ABOUT' and 'CONTACT'. A central white card displays 'Forgot your password?' and an 'Email' input field with a red arrow button. A 'Back to login' link is below the input field. A vertical sidebar on the right says 'Send an Email to our Support Team'.

## 3. Signup Screen

- In All tests options- All the tests created by teachers were displayed but only admin and the person who made that test can publish/unpublish, access, edit, duplicate, preview that test. No one else can made any changes or view that test.
- My Tests- Only those tests can be displayed that was made by the teacher itself and the teacher was collaborating in that test with any other teacher.
- Search tests can be with Test ID, Code, and Name etc. Further the tests can be filtered on the below parameters:
  - Status:** Active, Published, Archived
  - Marking Type:** Criteria Wise, Grading Wise, Marks Wise
  - Term Filter:** Mid Term, Final Term, Term 1, Term 2 etc. (For terms the admin will create academic terms)
  - Time Filter:** User can search test with date and time filters.
  - Reset Option:** Reset Filters
- Test information need to be displayed thoroughly.

A user can edit test, duplicate and preview test.

Whenever any user edits that test, the test needs to show when this test was updated.

There's one test case scenario for the update test feature, if the old test has been updated or edited then the teacher need to confirm that as that'll updated test will display it to students.

### For Admin:

Admin can create student and teacher accounts. Whenever any account is being created a random code as a unique identifier will be assigned to that user.

Admin can view and search the accounts.

Admin can create roles to give some permissions of the system to any coordinator but that entirely depends upon admin

## Test parameters

-Test Name

- Test Access Code
- Timed or Untimed Assessment Option
- If timed then
- Time Duration

- Test Schedule at which date & time
- Test for which class
- Subject
- Optional- Teacher collaborating with anyone

For example there are two teachers taking 2nd grade section wise. So they both are collaborators for that test. Means Collaborator can see the test. There can be more than one collaborator

- Marking types (Marks, Grade, and Points)
- Feature Add-ons Like calculator, spell checker etc. Example for math's exam it's up to the teacher either he wants to give students calculator option or not. English teacher wants to give students spell checker feature or not.
- Extra Instructions. If the instructor wants to give any extra instructions at the time of test creation

These are the things we need in test creation form. Further Test published or not, test created by, test created at which time & date aswell. And also test updated at etc.

The test can have sections then each section can have multiple questions. For example Objective, Subjective, Short Question Long, Question sections, Pictorial Representation section etc. Its upto the test make if he/she wants to create multiple sections or want the whole test in one section.

## 12. Test Creation

This test contains questions that are only supported from AssessPrep v4.0.3 onwards. Please make sure your students have v4.0.3 (or higher) of the offline app installed on their computers.
